

Local 701 Organizing Department has another win!

The Local 701 Organizing Department was successful in organizing the mobile tire repair company Tredroc. The National Labor Relations Board conducted the election utilizing the mail-in ballot process and the counting of ballots was witnessed via video conference due to the pandemic. A huge “Welcome to Local 701” goes out to the workers at Tredroc and a huge congratulations goes out to both Chris Becketl and Mike Wendling in our Organizing Department on the win.

Know anyone working in a non-union shop? Interested in having your dues reimbursed for a year? Provide our Organizing Department with a lead on a shop location. If we are successful in organizing that location and securing an agreement your dues will be reimbursed for a year - and you helped us grow our Organization.
