What

AI-powered screening: 10-minute total body skin cancer screenings

Expert review: Board-certified dermatologists review every scan and flag spots of concern.

Fast results: Receive results in 2-3 days.

Connection to Care™: We coordinate in-person care within 2–3 weeks if needed.

How SkinIO Works

- Check in at the desk.
- Disrobe to your comfort level. The more skin exposed, the more skin that can be evaluated.
- Your skinographer takes 13 regional images of your skin and close-ups of any spots of concern.
- Your scan is securely submitted to a board certified dermatologist to analyze. Results are emailed to you in 2-3 days.
- If further evaluation is needed, our Connection to Care™ team will help you find local, in-network follow-up care within in 2-3 weeks.

The smartest way to screen for skin cancer.

Eligibility: Open to all members, spouses, and dependent children over the age of 18. Welfare Fund participants, this is provided at no cost to you. Non-Welfare Fund Participants, the cost is $125.00.
